

# 213LE

13 SEER Air Conditioners and Heat Pumps  
R22

Reliable comfort  
and improved  
efficiency.

**AIREASE™**

Built for life. Yours.

# A higher degree of quiet, efficient comfort.

From the inside out, AirEase™ air conditioners and heat pumps are designed for dependability, energy efficiency, quiet operation and up-to-date style. You gain a distinct comfort advantage, knowing every unit is built for years of worry-free performance. With features like the scroll compressor and popular paint color, the 213LE works and looks better than ever.

- Air Conditioners – Up to 14 SEER\*
- Heat Pumps – Up to 13.5 SEER; up to 8.0 HSPF\*\*
- R22 Refrigerant
- 5-year limited warranty – compressor\*\*\*
- 10-year limited warranty – parts\*\*\*\*

\* SEER – Seasonal Energy Efficiency Ratio

\*\* HSPF – Heating Seasonal Performance Factor

\*\*\* Equipment with R22 refrigerant will receive a 5-year limited warranty on the compressor even if registered for the 10-year parts warranty.

\*\*\*\* Warranty provides for a total of 10 years of limited warranty coverage (Standard 5-year limited parts warranty plus an additional 5-year limited extended parts warranty). Warranty must be registered within 60 days to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at [www.alliedair.com](http://www.alliedair.com) for terms, conditions and exclusions.

## Comfort Enhancements

<b>Quality Construction</b>	You can count on AirEase™ 213LE air conditioners and heat pumps for years of dependable comfort. The <b>compressor</b> is engineered for maximum durability, while a <b>built-in filter dryer</b> helps protect the system from contaminants. Matched indoor components include <b>Microban® protected drain pans</b> which inhibit the growth of odor causing mold, mildew and bacteria. The <b>platinum gray cabinet</b> , with <b>horizontal louvers</b> and <b>appliance-like seams and contours</b> , provides an attractive appearance designed to complement every home.
<b>Energy Efficiency</b>	Compared with older, less efficient equipment, these air conditioners and heat pumps can help <b>reduce your energy costs</b> .† And with an efficiency rating of up to 14 SEER, these units help <b>lower your monthly utility bills</b> .
<b>Quiet Comfort</b>	The air conditioners and heat pumps are designed to provide maximum comfort while keeping sound at a minimum. A heavy-duty <b>insulation blanket</b> surrounding the compressor and the wire-fan discharge keep fan noise to a minimum and direct air away from your home and landscaping. Heat pumps use <b>QuietShift™ technology</b> to control sound when the unit is in the defrost cycle.

†Potential savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, and installation of equipment and duct system.

## Unit Dimensions

Model Number	Width (inches)	Depth (inches)	Height (inches)
<b>Air Conditioners</b>			
2SCU13LE118	24-3/4	26-3/4	25-3/4
2SCU13LE124	24-3/4	26-3/4	25-3/4
2SCU13LE130	24-3/4	26-3/4	33-3/4
2SCU13LE136	24-3/4	26-3/4	33-3/4
