

413LE

13 SEER Air Conditioners and Heat Pumps
R410a

A higher degree of quiet,
efficient comfort.

AIREASE™
Built for life. Yours.

Designed for quiet comfort.

From the inside out, AirEase™ air conditioners and heat pumps are designed for dependability, energy efficiency, quiet operation and up-to-date style. You gain a distinct comfort advantage, knowing every unit is built for years of worry-free performance. With features like the scroll compressors and cabinets with appliance-like seams, the 413LE works and looks better than ever.

- Air Conditioners – Up to 14 SEER*
- Heat Pumps – Up to 13.5 SEER; 7.7 HSPF**
- R410a refrigerant
- 10-year limited warranty – compressor***
- 10-year limited warranty – parts***

*SEER – Seasonal Energy Efficiency Ratio
 **HSPF – Heating Seasonal Performance Factor
 ***Warranty provides for a total of 10 years of limited warranty coverage (standard 5-year limited parts warranty, plus an additional 5-year limited extended parts warranty). Warranty must be registered online within 60 days of installation to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at www.alliedair.com for terms, conditions and exclusions.

Comfort Enhancements

<p>Quality Construction</p>	<p>You can count on AirEase™ 413LE air conditioners and heat pumps for years of dependable comfort. The scroll compressor is engineered for maximum durability, while a built-in filter dryer helps protect the system from contaminants. Matched indoor components include Microban®-protected drain pans which inhibit the growth of odor-causing mold, mildew and bacteria. The platinum gray cabinet, with horizontal louvers and appliance-like seams and contours, provides an attractive appearance designed to complement every home.</p>
<p>Energy Efficiency</p>	<p>With an efficiency rating of up to 14 SEER, these air conditioners and heat pumps can help reduce your energy costs compared to older, less-efficient equipment.† You can feel good knowing these units use R410a refrigerant, which meets government standards for non-ozone-depleting appliances.</p>
<p>Quiet Comfort</p>	<p>The air conditioners and heat pumps are designed to provide maximum comfort while keeping sound at a minimum. A heavy-duty insulation blanket surrounding the compressor and the wire fan discharge keep fan noise to a minimum and direct air away from your home and landscaping. Heat pumps use QuietShift™ technology to control sound when the unit is in the defrost cycle.</p>

†Potential savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, and installation of equipment and duct system.

Unit Dimensions

Model Number	Width (inches)	Depth (inches)	Height (inches)
Air Conditioners			
4SCU13LE118	24-3/4	26-3/4	25-3/4
